PATENT APPLICATION

Notice Regarding Drawings Dated September 7, 2004

Paper Dated November 1, 2004

Application No. 09/880,391

Attorney Docket No. 122656.00121

The draftsperson indicates that Figs. 1-7 are objected to for the poor quality of photographs as well as non-uniform line, numbers and letters. The draftsperson also objects to Fig. 8 for the view not being labeled separately or properly.

Pursuant to a conversation between the Alka Patel, Esq. and the draftsperson on October 21, 2004, the draftsperson has withdrawn her objection to Fig. 8, as the view has been labeled properly. Additionally, the draftsperson indicated that substitution of the drawings with those originally filed on June 13, 2001, would attend to the objections. Accordingly, Applicant is hereby substituting the enclosed drawings for the drawings currently on file in connection with the above-identified application. These drawings should satisfy the objections raised against the originally filed drawings.

Respectfully submitted,

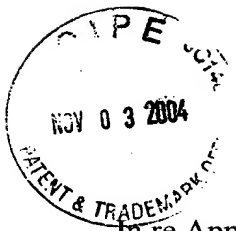

PEPPER HAMILTON LLP
